

Third Symposium Meteorological Observations and Instrumentation

Feb 10-13, 1975 Washington, D.C.

J. Smagorinsky NOAA Geophysical Fluid Dynamics Laboratory

Cover Artist drawing on a background of weather map symbols

Ses 1 Symposium Theme

Ses 2 Requirements for Data

Ses 3 Upper Air Observations

Ses 4 Surface Instrumentation

Ses 5 Network Operations

Ses 6 Indirect Sensing – Spaced Based

Ses 7 Indirect Sensing – Surface Based

Ses 8 Results of Field Experiments

Ses 9 Coastal Zone Observations
